Description

### Bubble Bath Day

That first bath, bubbles rising up around us in a scent that would soon become associated with warmth, comfort, and safety. It started with the love of a mother's hands, and in time we began to pamper ourselves.

Rich bubbles, beautiful candles, quiet music, and a little time to ourselves have all been the hallmark of the bubble bath. Bubblebath Day reminds us of these little luxuries, and to take time out of our day to treat ourselves to a little special TLC.
