Description

The **Mood Day Planner** is back for 2018! I designed this as a way to help me with my mood swings and if *I control my day, my day doesn't become a chaotic mess that controls me*. I can pick a new design for each day or keep with the same design for several days. Choice is mine *or in this case yours*. Design, layout, and color theme. All of these options give you infinite combinations and guarantee that your book fits your style.

The **Mood Day Planner** FULL SIZE has pages that are 8.5"x11". A light version to traditional planner with plenty of space to track your goals and plan projects. But what I love most is that it lets you keep your daily schedule and to-do list in one place.
